

Dehumidifiers

4-PRO Four-Stage Air Filter

ONE filter protects in FOUR ways!

- Cellulose mesh captures larger particles and debris
- Electrostatic polypropylene captures small particles
- Activated carbon adsorbs odors and fumes
- Antimicrobial-treated filter media

The **ONLY** air filter designed for the unique challenges of restoration, remediation and construction projects, the 4-PRO filter is disposable and will keep your dehumidifiers operating at maximum efficiency! [Learn more.](#)

Features

- Expanded cellulose mesh captures large particles.
- Electrostatically charged polypropylene attracts and retains smaller particles.
- Activated carbon adsorbs odors and fumes.
- Antimicrobial-treated filter media
- Sturdy aluminum frame resists collapse and maintains proper filtration.

Specifications

- **Construction:** Sturdy aluminum frame resists collapse to maintain proper filtration.
- **Materials:** Electrostatically charged polypropylene, activated carbon, and expanded cellulose mesh. Antimicrobial-treated filter media.
- **Disposable:** Filters are not reusable. Replace whenever filter appears dirty or heavily loaded with particles.
